The HUBZone (Historically Underutilized Business Zone) Program can be an essential instrument for eligible small business men and women who are interested in selling their products or services to the various federal government procuring agencies throughout the United States. SBA Business Opportunity Specialists will outline the eligibility criteria and certification process at this free one hour seminar. The Federal government sets aside contract opportunities to small businesses that are certified through SBA and located in designated historically underutilized areas. Program details and formal online application can be accessed at: www.sba.gov/hubzone. Guidance can also be provided by SBA's resource partner the UTSA-SBDC Procurement Technical Assistance Center (PTAC), visit: <http://www.ptac.txsbdc.org/> or call (210) 458-2458.
